Government High School Bargi, Kumta, Uttara Kannada

Percentage: 64 %

## Work Experience

### ParNets Software India Pvt. Ltd. — Software Developer

Bangalore, Karnataka, India

December 2023 – November 2024

- Developed responsive, user-friendly web applications using React.js, JavaScript, and Bootstrap.
- Collaborated with UI/UX Designers and Backend Teams to convert design mockups into Fully Functional Websites.
- Worked on both frontend and backend development using React.js and Node.js.
- Familiar with Git for version control and collaborative development workflows.
- Built reusable components and custom modules, improving code maintainability and speeding up delivery.
- Tracked progress through structured daily Excel reports

### Canara Tech Labs Pvt. Ltd. — Junior Software Developer

Kumta, Karnataka, India

June 2022 – April 2023

- Participated in daily stand-ups to discuss progress, blockers, and planning.
- Designed algorithms and work plans based on business logic and requirements.
- Partnered with senior developers to resolve complex coding issues and improve development efficiency.
- Worked closely with cross-functional teams, including QA, UI/UX designers, and project managers to ensure smooth delivery.
- Implemented feature updates and enhancements based on client requirements and feedback by using React.js, JavaScript and Bootstrap.

### Veda Info System — Web Developer

Kumta, Karnataka, India

January 2020 – April 2022

- Developed client-specific web applications based on client requirements using HTML5, CSS3, Bootstrap, JavaScript and React.js.
- Ensured cross-browser compatibility and resolved rendering and functionality issues across various platforms.
- Collaborated on team-based coding projects, following best practices and coding standards.
- Implemented responsive design techniques to deliver seamless user experiences across desktop, tablet, and mobile devices.
- Designed and developed multiple local websites and created custom templates tailored to client requirements.

### Electrob Technologies Pvt. Ltd. — Junior Web Developer

Bangalore, Karnataka, India

September 2018 – December 2019

- Created web layouts using HTML and CSS based on client specifications.
- Maintained clear and comprehensive documentation, supporting team onboarding and long-term project sustainability.
- Spearheaded with team members to design and implement intuitive UI elements such as menus, tabs, and widgets.
- Designed and developed a boutique eCommerce application, focusing on responsive design and smooth user experience.

## Projects

- **Daily Dish** – A responsive food delivery web application.  
Live: <https://dailydish.in/> | Demo: <https://deft-cendol-02cbfb.netlify.app/>
- **Shuttle Smash Championship** – An online platform for organizing and managing badminton tournaments.  
Live: <https://shuttlesmash.in/> | Demo: <https://shuttlesmash-championship.netlify.app/>
- **Roomyy Interior Application** – A responsive web application for interior design and home decor services.  
Live: <http://roomyy.in/> | Demo: <https://tourmaline-marshmallow-c2507f.netlify.app/>
- **Student Database Application** – A web application to manage and maintain student records efficiently.  
Live: <https://students-database.in/> | Demo: <https://lighthearted-macaron-762219.netlify.app/>
- **Instabuy Computer Application** – An e-commerce web application for buying, selling and repairing computer products.  
Live: <https://instabuycomputers.com/> | Demo: <https://instabuy-computers.netlify.app/>
- **Nestway Interior** – A responsive interior design web application.  
Live: <https://nestwayinteriors.in/> | Demo: <https://frolicking-zuccutto-d9b9c8.netlify.app/>
